

search search strategies

Use Quotation Marks

example

“Spokane City Hall”

“Seattle Seahawks”

“Disneyland Resort”

Quotation marks will create better search results!

1. Use quotation marks around words that should be together
2. Use quotation marks around phrases

Quotation marks won't work if...

1. You misspell the words you are searching for
2. You type in whole sentences or paragraphs
3. You don't plan out what you are searching for
4. You are too specific
5. You put the phrase words out of order
