Dear Parents/Guardians:

Federal law requires schools to send "directory information" to various branches of the military without parent permission. However, parents may request that individual student directory information be withheld from these requests.

This year we will be sending the lists to the military branches on November 1, 2009. These lists will include the names of all students not excluded by a parent letter. Parents or guardians who wish to withhold directory information from military recruiters must make their request in writing to the building principal. To request that your student's information be withheld please send a letter to:

Mr. Jeff Miller, Principal
East Valley High School
15711 E. Wellesley
Spokane, WA 99216
(509) 927-3200

If you have any additional questions or concerns regarding this process, please feel free to contact me at the high school. Thank you for your time and consideration in this most important matter.

Sincerely,

Mr. Jeff Miller
Principal, EVHS
